Remittance should be by postal money order when possible, but personal checks will be accepted if for over two dollars. Register any cash. **WE PAY TRANSPORTATION** on plants and bulbs to U.S. points east of the Mississippi. For extra costs west of that river, add 5% to remittance. AUTUMN SEED SOWING—Sow in October, November and on into early winter, seeds of the many kinds that need cold as a preparation for germinating, making sowing in open ground seed beds or in cold frames.
